Price:	<b>\$265</b>	<b>\$175</b>	<b>\$330</b>

**Summary:**

More features than the ED-9000 but still very portable. Features headset output, video background and USB download.

The ED-9000 has everything you'll need to get started. No USB download or background video input.

Better suited for home use. Song chips are loaded into the stand. Convenient built-in charger. More games.
